# The St. Regis Doha

*The Finest Address in Qatar*

*The hotel's postmodern Arabian exterior is both bold and welcoming; enjoy the cool ambience of the Sarab Lounge Terrace*

Doha has transformed itself in an incredibly short time. Now the media and arts capital of its region, a major player in the aviation stakes and the host of the 2022 World Cup, it's an ultra-cosmopolitan capital. Victorian travellers needed to visit Florence, Paris and Vienna, but any 21st-century Grand Tour would definitely take in this city. The St. Regis Doha, with its postmodern Arabian architecture and panoramic views of the Persian Gulf from all rooms, is a fitting address for a stay. Five miles from the main diplomatic and financial districts and close to several of the big energy corporate headquarters, it makes business sense to base yourself here. The hotel's Hakkasan Doha restaurant has won awards for its Cantonese fine dining. Thanks to the hotel's Jazz at Lincoln Center venue, which has made Doha the jazz hub of the Middle East, you are in the right place for the best evening's entertainment, too.

The 18-hole championship-caliber oceanfront golf course was designed by Robert Trent Jones, Jr., while the hotel's private beach has memorable views. # The St. Regis Florence

*The Duomo and the rooftops of Florence; the Presidential Suite*

A palazzo designed in 1432 by Filippo Brunelleschi, the architect of the Duomo Santa Maria del Fiore, The St. Regis Florence was converted into a hotel in the mid-1800s. When Queen Victoria took a Grand Tour, she stayed here. Now there's a designer suite by Italian luxury fashion house Bottega Veneta, and the hotel is collaborating with luxury cosmetics brand Clarins. The Michelin-starred Winter Garden by Caino restaurant has a 19th-century illuminated colored-glass ceiling; and in keeping with the Tuscan capital's Renaissance heritage, there are classic frescoes and antiques throughout the building. Florence is a compact and, in the right season, relaxing city. After you've seen the world-class Uffizi Gallery and Michelangelo's David in the Accademia, make the most of the hotel's location on the Piazza Ognissanti in the city's historical heart: order an aperitivo, and sit back and watch as dusk falls over the city's churches, hills and belltowers.

# The St. Regis Mardavall Mallorca Resort

*Mediterranean Sanctuary, Privileged Address*

*The resort's swimming pool; Mediterranean vegetation enhance the traditional-looking Spanish architecture*

All the pleasures and treasures of the Western Mediterranean are found in Mallorca, the main island of the Balearics. The beaches get a lot of attention and some are pretty stunning, but inland are olive groves and vineyards, mountains and rural mansions, cozy old restaurants and tourist-free towns and villages. Long before the mad rush for the sand and the sea, the wealthier and wiser islanders preferred to build their estates high up and away from the coast to avoid pirates – follow their lead to get a real insider's view of the place. In the southwestern corner of the island on the Costa d'en Blanes, there are turquoise waters and a sense of being apart from the hubbub. This is also where you'll find The St. Regis Mardavall Mallorca Resort, whose guest rooms were designed by Claudio Carbone. It is a lovely hideaway and a perfect base for exploring the best of the island. Continue your relaxing stay with a session on the new wooden yoga platform, which has a tranquil sea view.
